How Iron Manufacturers Are Influenced by Carnegie's Action.

THEY OBJECT TO HIGHER WAGES.

One Manufacturer Gives the Probable

Policy of Mill Owners. THEY WILL LET THE MILL WHEELS STOP

On account of Carnegie, Phipps & Co. taking the initiative step this year to make a reduction in wages, there is a general impression that all the iron manufacturers in this vicinity will follow their example. This firm has always been the last to attempt to break the price of labor, and it was feared by some that their action this year would stir the others into falling in line and making a fight,

A number of the manufacturers were seen yesterday, and asked what they proposed to do, but they were non-committal. Very few of them will take the bull by the horns, and attempt to force the reduction until after they determine what the Amelgamated Association's convention will do. One of the manufacturers most prominently identified with the old association, which was disrupted after the resignation of President A. F. Keating last June, said:

MANUFACTURERS DISORGANIZED. "I can say for my cwn firm that we have not decided what we will do, and will wait until the new scale is made up before outlining any action. Last year I said that we should have a reduction on account of the low price of labor in other mills. Since then our competitors, who do not recognize the Amalgamated Association, have been

reducing wages in every department. They have forced the prices of the finished product so low that there is no money in the husiness, and I for one will say that we are not going to run our mill for fun any "As the readers of THE DISPATCH know, we manufacturers have no association now, and I do not think there will be any meeting called to revive it. I think the policy will be to wait until after the Amalgamated

scale is formulated. IDLENESS MAY RESULT.

"The Conference Committee of the Association will find that there is no manufacturers' committee to confer with, and the scale will have to be presented to each indi-vidual firm. The manufacturers will receive it and say nothing. They will quietly hold the scale in abeyance and give out the impression that they intend to close down their mills. The present scale will expire June 30 and work will cease. The annual repairs which are done during the summer will be commenced then, and it will require several weeks to do this and it will require several weeks to do this work. By this time each manufacturer will be in shape to know what he can do. Some of them will sign the scale, while others will make an attempt to run their mills with mon-union men. Everyone of them is now non-union men. Everyone of them is now running full, stocking up their warehouses to be prepared for a long siege of idleness."

LATE NEWS IN BRIEF.

-The persons injured in the accident on the Grand Trunk, on Saturday, are reported by the medical men in attendance to be progress-ing favorably and no fatal results are appre-hended.

—A report is current in Canadian official cir-cles that a British man-of-war will shortly leave Victoria, B. C., for Bebring Sea, in order to inquire into seizures of British vessels by American revenue cutters. The remains of Oswald C. Allen, the man who shot his wife and then committed suicide, on Friday at the Jefferson school building, were taken to Charlottesville, Va., yesterday and buried. Mrs. Allen's remains were buried bere yesterday afternoon.

—The Controller of the Currency has authorized the First National Bank of Mifflintown, Pa., to begin business, with a capital of \$50,000; the First National Bank of Burlingame, Kan., to begin business, with a capital of \$75,000, and the First National Bank of Pana, III., with a capital of \$50,000.

—It was long after noon yesterday when the dense fog that overspread New York bay since Friday night was sufficiently cleared away to enable the immense fleet of ocean steamers anchored there to come up to the city. The delayed steamers landed 5,562 emigrants at Castle Garden, the largest number in one day for many years. The Arizona, from Liverpool, reported nearly being run into by the steamer Normandie on Sunday morning, a few miles below Sandy Hook. The passengers on both vessels were greatly scared.

—Jereminh Bridge, aged 45 years, was

vessels were greatly scared.

—Jeremiah Bridge, aged 45 years, was drowned in the Hudson river, at New Hamburg, Sunday night. He was in a sailboat attached to a tow, from which he cut loose, but before he could get out of the way he was run down by a canal boat and his boat upset. Two boys who were with him were saved. Bridge lived at New Hamburg, and leaves a wife and two children.

—The Fifth Provincial Council of Cincinnati (R. C.), which includes the States of Tennessee, Kentucky, Ohio, Indiana and Michigan, has begun its session, which will continue for perhaps a week. It is called to consider moral and educational questions pertaining to the church, but has no jurisdiction over dootrine, and its decrees are void until approved by the Pepe. The religious ceremonies attendant upon the opening of the council were very imposing.

—William R. Derby, Cashier of the Mutual opening of the council were very imposing.

—William B. Derby, Cashier of the Mutual District Messenger Company, of Boston, is under arrest on a charge of embezzling \$10,000 from the Western Union Telegraph Company. It was discovered some time ago that there was something wrong with the accounts, and suplicion fastened on Mr. Derby. An expert was placed on his books, and found he had made it a practice to raise the amount of the monthly bills of the company against the Western Union Telegraph Company, and pocket the difference.

—A peculiar disease, resembling malarial fever, has become alarmingly prevalent among horses in and around Indianapolis. About 40 per cent of the horses in the city are affected with it. Until Friday the disease had been fatal in but a few cases, but since that time the symptoms have become more alarming, and a number of horses have died. Fifty-six animals kept for light driving, have died within a week, and the number affected is steadily on the in-crease. So far veterinarians have found no remedy for the disease.

remedy for the disease.

The trial of William E. Howard, chief of the alleged sugar swindlers who defrauded the Electric Sugar Refining Company out of thousands of dollars, was begun in New York yesterday before Recorder Smyth, in Part I, General Sessions. Howard is being tried on an indictment for grand larceny in the first degree in obtaining \$5,500 from the sugar company under false pretenses. Assistant District Attorney Davis is prosecuting the case for the people, and William F. Howe and Counselor Sawyer, from Ann Arbor, Mich., are looking after the interests of the defendants. The work of getting a jury is in progress.

WEAK, ailing, worrying children, are often afflicted with worms, the special symp-toms caused by the constant irritation of these pests, being both distressing to the little one and alarming to the parent. You can rid your children of worms, and save them much suffering by resorting to Dr. Jayne's Tonte Vermifuge, which is a good tonic also, and builds up the strength of young and old, acting with especial benefit in dyspepstomach, and want of appetite. WAS IT OLEOMARGARINE? A Nice Point of Law Involved in a Pending

A preliminary hearing in an oleomargar ine case in which a nice law point is involved, was held before United States Comnissioner McCandless yesterday afternoon. William and Patrick McAllister were

William and Patrick McAllister were charged with selling oleomargarine at whelesale without having paid a special tax. J. E. Stillwagon, a deputy collector of Internal Revenue, is the prosecutor.

The testimony on behalf of the Government was to the effect that the defendants sold a tub of butter to Daniel Jordan, a dealer in the market, for 10 cents a pound. After it was delivered Mr. Stillwagon seized it and had the contents examined. There were is rolls in the tub and seven or eight of them were found to be impure.

william McAllister, one of the defendants, said the tub had been received from R. R. Hoffman, a regular shipper at Moss Grove, Armstroog county. Sohn McAllister, who sold the tub to Mr. Jordan, said he had sold it as strong butter. It had stood in the store for a month. They had no suspicion that it was clemargarine. It was bought and sold in good faith.

olemargarine. It was bought and sold in good faith.

The defendants were held for the October term of the District Court. The question involved is as to whether a dealer is held responsible for a close examination of every pound of butter handled by him in order to hold himself above prosecution. The act of Congress bearing on the matter provides that any man "knowingly or willfully omits" the necessary precautions to a strict adherence to the law is liable. In the case at issue the defendants received the goods as butter and sold it again, without examination, as butter. Whether or not a man is responsible for an absolute knowledge of everything he handles will have considerable effect on his business. It will at least put the large dealers to a great amount of inconvenience.

TWO ELECTION DISTRICTS Created for the Many Voters of Stowe

Township. The report of Messra W. W. Shaw, Mark Robb and John O'Bell, the commissioners ap-pointed to divide Stowe township into two election districts, was filed yesterday. The boundary line of the First district is to conboundary line of the First district is to con-tinue on the Chartiers creek, on the line be-tween the land or Jacob May and the Gutherie heirs, from thence to the Middletown road, along the road to the intersection of another township road, thence to the Polk Middletown road, to the residence of James Nichols, to the mouth of Shaw hollow on the Ohio river, to the mouth of Chartiers creek, thence back to the

mouth of Chartiers creek, thence back to the place of beginning.

The balance of the township will comprise the Second district. The report was approved and the following election officers appointed for the First district. Judge of Elections, James Davis: Inspectors of Elections, Mark Tucker and Philip Burkard.

POSTPONED ONE DAY.

The case of the Westinghouse Company against the Edison Company, which was to have been commenced in the United States Court yesterday, had to be postponed until today, on account of the inability of Judge Bradley to be here. Judge McKennan received a telegram from him stating that he would arrive in time for the case this morning, and the counsel for both sides say they will be ready.

A Missing Witness.

Charles E. Allen, colored, was to have been placed on trial yesterday for the murder of Stephen E. Lee on March 23 at No. 251 Second

Legal Tender. JOHN KENNA yesterday sued for divorce from his wife Julia Kenna,

against the Standard Manufacturing Company, an action to recover damages for injuries re-ceived by the fall of an elevator at the com-pany's works in Allegheuy.

The suit of the Pittsburg and Birmingham Passenger Railway Company against John Boyd, an action in replevin to recover horses sold to Boyd, which, it is olaimed, were never paid for, is on trial before Judge Slagle. JAMES RANKIN yesterday entered sult against Peter Hermes to recover \$116 on a con tract to deliver milk. Rankin claims that he

A NON-SUIT was taken yesterday by the son and James B. Linhart, for use of Charles Large, against Isaac Miller, an action to re-cover for tools and machinery, etc., alleged to have been taken by Miller.

A VERDICT for \$1,000 for the plaintiff was given yesterday in the suit of Emma Perry a_ainst the Northside Bridge Company, an ac-tion to recover damages for injury to property on Duquesne way caused by building the ap-proach to the Seventh street bridge.

THE case of Armstead Ford and wife, colored, against the Pennsylvania Railroad Company is on trial before Judge Collier. The suit is to recover damages for having been ejected from a train, Ford claiming to have purchased tickets from Shadyside to Pittsburg, but was put off the train notwithstanding.

A Dangerous Lethargy.

The forerunar of a train of evils, which too often culminate fatally, is inactivity or lethargy of the kinneys. Not only is Bright's disease, diabetes, gravel, or some other dangerous integral disease of the organs themselves to be apprehended, but dropsical diffusions from the blood, rheumatism and gout, are all traceable to the non-removal from the blood by the kidneys of certain impurities. Hostetter's Stomach Bitters depurates the blood, renders the kidneys active and prevents their disease.

CURED OF CATARRH

MR. GEORGE LAMBERT, who lives on Jones avenue, this city, near Twenty-seventh street, has been cured of a very bad case of catarrh by the physicians of the Polypathic Medical Institute, No. 420 Penn avenue. When he applied for treatment he complained of much soreness in his lungs, shortness of breath, a choked up feeling in his throat, with much dryness; the catarrhal secretion that he raised from his throat and lungs was very tough and tenacious; his eyes were weak and troubled him very much about reading or seeing objects distinctly. The disease also extended to his stomach, so that he had great pain after eating. On account of his food souring on his stomach he had much belching of gas, and was so bloated that his heart would frequently palpitate, and gave him so much pain that he thought he had heart disease. After becoming cured, as above stated, he says:

"I am very glad to give my testimonial, and shall always apeak in praise of the doctors to my many friends for curing me of this dreadful disease, and I cheerfully recommend all others suffering from chronic diseases to call on these specialists, who will frankly tell you what they can do for you.

"George Lambert."

The diseases treated successfully at the DOLYMATHIC MEDICAL AND SURGICAL.

and cure, which have been the fraction. Office of careful study and investigation. Office hours, 10 to 11:30 A. M., 1 to 4 and 6 to 8 P. M. Sundays, 1 to 4 P. M. Consultation free.

To cure Mrs. Thomas Hatton, and she suffered on for 18 years. The aches and pains which she experienced in almost every part of her body was simply terrible. Those sharp, cutting pains across the small of her back and lower part of her body was almost unbearable. In fact she suffered with all those diseases and conditions peculiar to women. For three menths her mind was unbalanced, and for months she was confined to her bed. She became very weak and emaciated, so that she only weighed 98 pounds. No one expected her to live, much less get entirely oured. After receiving three months' treatment with the physicians of the Catarrh and Dyspepsia Institute, 232 Penn avenue, who make a specialty of her disease, she says:

"I never want any one to suffer as I have for the past 18 years. The condition of my case was much worse than has been described, and I am only too glad to testify to my complete cure by the doctors of the Catarrh and Dyspepsia Institute.

"MRS THOMAS HATTON PRIDAR." 15 DOCTORS FAILED

"MRS, THOMAS HATTON, Putnam, Pa." Please remember that the physicians of the Catarrh and Dyspepsia Institute never display their patient's portraits in the papers. Neither do they publish any testimonial, except with the full consent or wish of the patient. Furthermore, their testimonials are not from some far off place where no such parties reside, but from your own county and your own city, with the full, name and address given, thus proving their genuineness. The Catrrth and Dyspepsia Institute is thoroughly established in Pittsburg, and thousands of patients gladly testify to cures they have received. The treatment used does not consist of the so-called magnetic, or superhuman agencies, but medicines made from roots and herbs, and compounded to suit the requirements of each individual case, thus removing not only the disease, but the cause of the disease as well. Ninety-five out of every hundred of the patients freated at this Institute are those suffering from Catarrh, which is the certain forerunner of consumption. The testimonials published speak for themselves. They treat successfully Catarrh, Rheumatism, Dyspepsia, Bronchitis, Asthma, Blood, Kidney and Female Diseases.

MR. GEO, T. HARTREY'S EXPE-

NEW ADVERTISEMENTS.

DR. WOODS,

Specialist in the Cure of Rupture and Chronic Diseases, Office at Hotel Albemaric, Penn Avenue and Sixth Street, Pittsburg.

Thousands suffer for a long series of years and linger out a useless life, who, with proper treatment, might be restored to health and contribute to the health and happiness of others. In many cases the fault is not theirs, for they try various doctors and quack nestrums for sellef; but skill is not readily found. The general practitioner has but little time or opportunity for the observation or a large class of chronic complaints. No man can become expert in every branch of the healing art; hence specialists are demanded for the highest good of humanity. Dr. Woods long and patient study, his knowledge of Allopathic, Homeepathic and Botanic or Eclectic systems of medicine, together with his discoveries and new application of old remedies, have given him unparalleled success in that class of diseases which have until lately baffied the skill of eminent physicians, and secured for himself an enviable reputation. Dr. Woods has given the public evidence sufficient to convince the most skeptical that his methods are singularly successful, especially in such cases as have defied the skill of other and justly celebrated physicians.

It is always the truest economy for invalids

Physician, at 502 Penn
Avenue.

Dr. Smith is performing some of the most wonderful cures ever winnessed in Pittaburg. Scores and hundreds of invalids who have hitherto been unable to find relief from their sufferings are being restored to health in large numbers through Dr. Smith's strange magnetic power. It is exceedingly interesting to see and talk with the vass number of invalids suffering from all manner of complaints who are brought to the doctor for his favorable or unfavorable opinion of their diseases. It is also gratifying to observe the change that takes place in many of these seemingly helpless cases. Scores of invalids who are so weak and feeble that they have to be carried to the doctor in chairs and on beds are restored to health in a short time. Seeme are cured by one, some by two magnetic treatments, while others require more. The following very interesting cases were cured by our magnetic treatment:

Mr. Geo. T. Hartrey, who resides at Springdale, Pa., has been a great sufferer from constitution homorrhoid upiles) and from fistulis for a number of years. Pile tumors as large as a black walnut made their appearance several years ago, and were the cause of much suffering. These tumors were often prolapsed, and would bleed so profusely as to cause extreme prostration. As the disease advanced four fistuins made their appearance, and were so painful that he was obliged to give up his business, and was unable to perform any manual labor. Mr. Hartrey had tried the skill of a number of physician, at No. 602 Penn avenue, who cured him permanently without the use of the knife or ligature. Dr. Smith agreed to cure him for a certain sum of money, which Mr. H. paid him at the beginning of the treatment. Mr. Hartrey was permanently cured in a short time and may be referred to.

Mr. Peet, owner and manager of Imperial Hall was a great sufferer from vericoccele for many years. He applied to Dr. Smith and was permanently cured. He may be referred to. Mr. John Foley, who resides at Millvale, was taken with a ter successful, especially in such cases as have defield the akill of other and justly celebrated physicians.

It is always the truest economy for invalids to secure the best medical aid, and not apply to a physician with a feeling that they would pay liberally if they were only cured. The way to obtain health is to apply to a physician who is skilled in the treatment of the diseases from which they suffer, and secure his services and a course of medicines. The best evidence that can be furnished of his claims to confidence is indisputable evidence of success. If he had the ability to effect cures instantly it could not be accomplished by meditation; it requires an effort on the part of the patient, who should have hope, confidence and a desire to be cured if possible. This can only be done by placing one's self under treatment without hesitation about a few dollars, as though health were subordinate to all other things.

One of the fundamental principles which guide Dr. Woods in his treatment of patients is to do justice to all classes, so that mechanics and laboring men receive the same treatment at his hands as merchants and bankers. His successful methods are therefore extended to all alke, who apply to him for aid, and his charges are made so reasonable in all cases that they come within the reach of all who seek the benefit of his services. No one who suffers need hesitate for one moment before applying to him and being placed on the road to recovery;

DR. WOODS,

value is \$22.

need nestate for one moment before applying to him and being placed on the road to recovery.

Another inducement for calling on Dr. Woods is, he makes no extra charge for medicines. He compounds his own prescriptions for his patients and furnishes all necessary instruments and appliances. This arrangement saves much trouble, avoids mistakes, is quarantee that all the medicines are genuine as well as effects a saving of money to the afflicted who are treated by him. When possible the doctor prefers to see his patients: but when this is impossible his successful system of treatment by correspondence enables the afflicted in all parts of the world to avail themselves of the benefit of his skill at a very small cost. Send four cents in stamps for question list. All communications sacredly confidential. No charge for advice. Examinations are also free to those who desire treatment.
